

LabelTagTM

Artwork instructions for custom printed LabelTag name badges

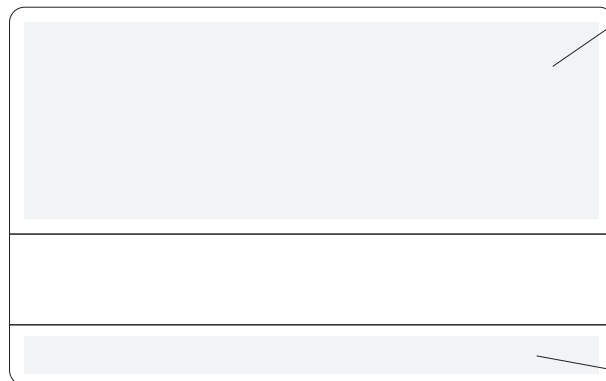

LabelTag name badge is available in two sizes. A number of different colors are available as well. Our standard pricing includes full-color printing, including a base white layer to make sure the printed graphic is repeated correctly. From the design perspective, you don't have to take into account what color badge is being ordered, the logo will be printed exactly the same on every color. Please supply your artwork in CMYK color, in vector format as a PDF. Pantone colors can be simulated but not matched exactly unless you order a screen printing.
