

ROLL-UP BANNER STANDS

This file contains the basic information for creating the artwork for Roll-up banners. Always supply your artwork in vectorized format in order to achieve the highest quality print. For most orders, exceptionally you should prepare your file in RGB format. We use a pigment based HD printing in RGB format for Roll-up banners.

Your artwork should be in this size

Actual size of the canvas after print and cut is A+D and this should be your artwork size	300 x 2000
	400 x 2200
	500 x 2200
	600 x 2200
*Add 3mm bleeds on all four sides	800 x 2200
	850 x 2200
	1000 x 2200
	1200 x 2200
	1500 x 2200
	2000 x 2200

Actual printed size on canvas

This is the actual print size from top to the yellow area A+C	300 x 1850
	400 x 2050
	500 x 2050
	600 x 2050
The small 50mm part is still visible when Roll-up is observed at close proximity, that part is what you see coming from inside the mechanism. Include this in your artwork content.	800 x 2050
	850 x 2050
	1000 x 2050
	1200 x 2050
	1500 x 2050
	2000 x 2050

Roll-Up banner model

This is the product name of each Roll-up and also the standard visible size of the canvas A+B	300 x 1800
	400 x 2000
	500 x 2000
	600 x 2000
	800 x 2000
	850 x 2000
	1000 x 2000
	1200 x 2000
	1500 x 2000
	2000 x 2000

Always create your artwork in RGB format unless otherwise instructed. We print most Roll-up banners using a high definition pigment printing technology that produces the best, sharpest image. Even a neon green is possible to simulate closely with this method.
