

Charity Campaign Ribbons

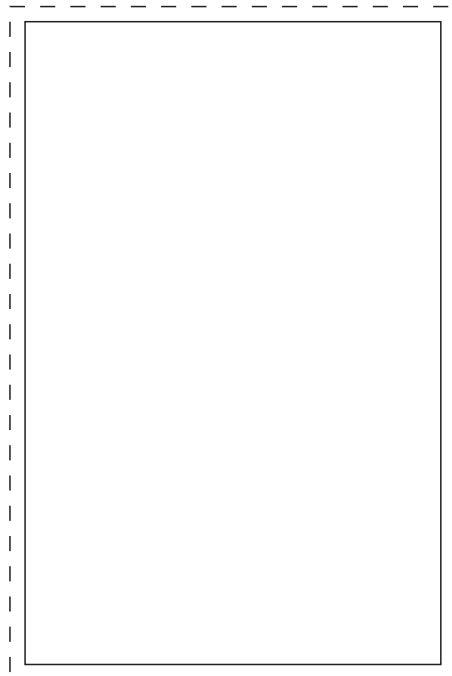

Campaign Ribbons or Charity Ribbons are a popular way to raise funds or collect donations. Delivered in an individual package, the charity ribbon comes pre-attached with a safety pin and a full-color printed double-sided card. It's easy to provide campaign information on the card, and the campaign ribbon gets product packaging according to the theme.

The artwork instructions apply to printed campaign ribbons with your logo or graphics. In sublimation printing, the ribbon is always full-color. In silk-screen printing, a pre-dyed ribbon is used on which a 1-color logo is printed on the surface.

Packing the charity collection ribbons is one of the most labor-intensive work phases of the product. Since the ribbon packaging is partially automated, the exact attachment point of the campaign ribbons to the safety pin varies. Unfortunately, it is impossible to define the safety pin attachment position with millimeter accuracy; the attachment point varies. The end user must remove the safety pin to attach the campaign ribbon to a shirt.

5.5" x 0.6" or 140 x 15mm
Artwork bleeds 1/16" or 2mm

2.1" x 3.3" or 55 x 85mm
Artwork bleeds 1/16" or 2mm
